

FOR IMMEDIATE RELEASE

X9Ware LLC Releases X9Assist R2.07 With Improved Test File Generation Capabilities

ST. LOUIS, Missouri (August 12, 2013) - X9Ware LLC announces the availability of *X9Assist* R2.07 which includes significant enhancements and usability improvements. *X9Assist* is a full function testing and development tool for organizations involved with check image processing both in the United States and Canada. *X9Assist* contains support for the industry standard ANSI X9.37 and X9.100-187 specifications and variants including the UCD and CCD.

This latest release, R2.07, provides improved support for type 61 credit reconciliation records, which can now be customized per your specific requirements. The new release provides support for the attachment of type 68 user records to both debits and credits via the Make facility. R2.07 includes a redesigned user interface throughout the application. This redesign renames all "ABA" references to "Routing" as part of our Canadian CCD support. Other changes include x9 validation improvements, optional entry of lower case values via Modify, enhanced export capability when searching across multiple x9 files, and image print improvements. R2.07 also provides a series of SDK improvements including a new pluggable logging interface, a simplified modify facility at the logical field level, and enhanced exception event handling.

A complete list of enhancements included in R2.07 can be found at the X9Ware LLC website www.x9ware.com; go to Contact Us and then Release History. An evaluation copy of X9Assist can be downloaded from our website (visit our Download section). A full function version can be made available for an extended evaluation period upon request. Please write to x9assist@x9ware.com.

About X9Ware LLC

X9Ware LLC (www.x9ware.com) provides extensive tools for users of the various x9.37 file specifications. The product line extends from a free x9 viewer to tools that include validate, modify, make, generate, scrub, import, export, and a host of other x9 support and reporting functions. X9Ware LLC strives to offer the best tools in the industry and also offers consulting services that are based on our 35 years of industry experience.
